LITTLE LADIES! LITTLE MEN!

By the COMMUNITY ROCKS! Kids, Spring 2011

CHORUS, A chord

All the little ladies, All the little ladies, All the little ladies, All the little ladies
Put your hands up, Put your hands up, Keep your head up, Keep your head up
All the little men, All the little men, All the little men, All the little men
Put your hands up, Put your hands up, Keep your head up, Keep your head up

Verse 1, A chord

I'm up at school, feeling cool, doing my own little thing
Walking down the hall, I trip and fall, everyone stares at me
As they stare I don't care, I stand on my own two feet
I start to laugh, they join in, everyone is laughing with me

D D E E
If you don't like it then you shouldn't make fun of me
D D E E
If you're my friend then you should stand up for me
D D E E
Little ladies, little men! Don't be mean!
A
Oh oh oh...

CHORUS, A chord

All the little ladies, All the little ladies, All the little ladies, All the little ladies
Put your hands up, Put your hands up, Keep your head up, Keep your head up
All the little men, All the little men, All the little men, All the little men
Put your hands up, Put your hands up, Keep your head up, Keep your head up

Verse 2, A chord

I was hangin' outside, waiting for a ride, playing with all my friends
They picked teams, no one picked me, I stood all alone again
I looked around and I found someone else standing alone
We started to run, had so much fun, 'til it was time to go home.

D D E E
If you don't like it then you shouldn't make fun of me
D D E E
If you're my friend then you should stand up for me
D D E E
Little ladies, little men! Don't be mean!
A
Oh oh oh...
