

WE ROCK!

Sara O'Brien & the Community Rocks! Kids

It all started at the mall, we were singing, having a ball
Then a crowd surrounded us, next thing you know we're on a tour bus
There were fans all over the land, we were the best "all kid" rock band
From every mountain to every sea, we were on your TV

We were together, WE ROCK!
The best band on the planet Rock
We exploded on our universal tour
Fans screaming always wanting more, more, more!

We traveled all around from shore to shore
Paris, India and Mexico we did explore
We played in New Orleans and rocked D.C.
Heard all the birds go "tweet, tweet, tweet"
We met Alicia Keys and Beyonce too
Chilled with Eminem and rhymed with Snoop
To all of us they said, "Stay in school, be yourself and stay true!"

We were together, WE ROCK!
The best band on the planet Rock
We exploded on our universal tour
Fans screaming always wanting more, more, more!
